

"Good design is good business"

- Thomas J. Watson

EXPERTISE

Every Titan Forklift is designed, built and supported by a team of dedicated and knowledgeable professionals, each with their own area of expertise. They all work together to deliver a forklift that is of superior quality both in design and function; Engineers, Product experts, ergonomists, and operators and mechanics all come together for one purpose – to bring our products out.

EXCELLENCE

At Titan, a commitment to continuous improvement and innovation is a clear indicator of our level of performance and operational excellence. It comes from applying the same patience and diligence to everything we do – from seemingly small tasks to large scale projects and investments, it gives us the shortest path from the factory floor to customers' satisfaction.

ROUGH TERRAIN 4WD

Designed & engineered in Canada with the best components for unsurpassed reliability, by knowledgeable industry Professionals with over 40 years of experience

Titan Forklifts are built for versatility, reliability and profitability. We understand that timely order fulfillment in today's globally competitive marketplace is crucial for success in any warehouse or shipping environment. The versatile and compact, the TD30RT4 (3.0ton/6000 lbs.) and TD35RT4 (3.5ton/8000 lbs.) forklifts with pneumatic tires offer the power, performance and productivity capabilities you need to tackle the rough terrain. For heavy-duty lifting outdoor on uneven terrain, Titan's TD30RT4 & TD35RT4 offer outstanding value.

Titan's quality commitment doesn't end in the design room or on the factory floor. Quality service and maintenance programs are crucial to the long-term performance and ROI of any forklift. All of our forklifts come with a robust 5-Year Warranty so your accounting department can rest easy in the confident knowledge that Titan backs what it sells with one of the most comprehensive warranty programs in the industry.
